RE: Docket No. 98N-1265

To the FDA:

I would like to show my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

The way it is currently written, the MOU, as well as the Compounding Section 503A of the Modernization Act, would make it impossible for me to get the compounded natural hormones that I have been depending on for years. I have tried other kinds, but there is just no alternative!

I live in Arizona and have my compounded prescriptions sent from Dallas, Texas. It is ridiculous that I should not be able to get these prescriptions just because they come from another state. It's all the same country! There is no danger in this!!!

Please amend the MOU!!!!
